

This pops up on EZPay when you log into the EZPay account.

District's alert message

THE EZPAY SYSTEM IS OPEN FOR THE 2017-18 SCHOOL YEAR. Parents, EZpay now offers Auto replenishment of lunch funds to your district. To set this up, Click the My account link at the top of the page. Then click the Edit icon to the left of each student. You can set your trigger amount, and add your payment method from here. Your students balance will be checked each evening to see if a replenishment payment is needed, and you will be notified that we will be processing a payment on your behalf. Families may use this system to: 1. Make deposits into a student's lunch account at all grade levels. 2. Pay school and activity fees at all grade levels. 3. Pay pre-school or all-day kindergarten tuition. 4. Pay Middle and High School athletic fees. You will be accessed a transaction fee of \$2.50 each time you "process" a transaction. Before processing, include all of your students in one transaction to avoid multiple transaction fees for each child. This fee will increase to \$2.75 per transaction on September 1, 2017. Please allow 24 hours for funds to be posted to your child's lunch account. In most cases, deposits made before 4:00 a.m. will be received that day and available for use. Deposits made after 4:00 am, will be received and posted the following day. All other payments will post to the PowerSchool system within six hours. If you have questions regarding school fees, you should contact your child's school. If you have questions regarding lunch deposits, please contact Lonnie Thomas-Robinson in Food Service at 797-5993.
