6152 - STUDENT FEES, FINES, AND CHARGES

The Board of Education will provide the necessary textbooks and/or electronic textbooks required by the course of study free of charge for its students. The Board may need to levy certain charges to students to facilitate the utilization of other appropriate materials for curricular as well as co-curricular and extra-curricular, noncredit activities. Such charges would be made on expendable items such as magazines, workbook materials, paperback selections, and laboratory supplies, and materials, for clubs, independent study or special projects, and District- sponsored trips. Any waiver of fees shall be made pursuant to Policy 6152.01.

School fees shall be paid in advance for each school term at the time of initial registration or initial enrollment.

The Board of Education will review all student fees, fines, and charges annually.

Fees

For the purposes of this policy, "school fees" or "fees" mean any monetary charge collected by the District from a student or the parent(s) or guardian of a student as a prerequisite for the student's participation in any curricular or extra-curricular program of the District.

A charge shall not exceed the combined cost of the outside service provided or material used, freight and/or handling charges. Money received from resale of such material, if any, shall be returned to the Treasurer with an accurate accounting of all transactions.

Fines

When school property, equipment, or supplies are damaged, lost, or taken by a student, a fine will be assessed. The fine will be reasonable, seeking only to compensate the school for the expense or loss incurred.

The late return of borrowed books or materials from the school libraries will be subject to appropriate fines.

Any fees, fines, and/or other charges collected by members of the staff that total more than \$1,000.00 or that cannot be safeguarded shall be turned in to the Treasurer within one (1) business day after collection. Any fees, fines, and/or charges collected by members of the staff that total less than \$1,000.00 and that can be safeguarded shall be turned in to the Treasurer within three (3) business days after collection. A place such as the building safe or a locked file cabinet shall be used for securing these monies until they are deposited with the Treasurer. At no time shall any staff member place public monies in his/her own banking accounts or commingle public monies with their own. Except in cases of extenuating circumstances, i.e., the inability to access the secure place in the building, public monies should not be taken to a person's place of residence.

In accordance with R.C. 3313.642, failure to pay fees and fines may result in the withholding of grades, credit, and participation in graduation exercises. In the event the above course of action does not result in the fee being collected, the Board authorizes the Treasurer to take the student and/or his/her parents to Small Claims Court for collection.

Nothing in this policy restricts the right of access of a parent or student to school records or to receive copies of such records, as required by Federal and State laws.
