## STUDENT CONTRACT

The student and parent have read and initialed each item below as indication of acceptance:

Student	Parent	
		The student understands approval of this CFA will result in a letter grade in their historical grades and on their official transcript. There will be no withdraws from this class due to no progress. A letter grade will be given.
		If an Apex on-line course taken with WCS, the student will save and print all work and give to TOR at end of course for teacher to archive. (Due to NCAA regulations.)
		The student will hold primary responsibility for the overall success of the course.
		The student will be expected to allocate and manage their time in working toward course completion.
		The student will be expected to independently fulfill the work required to complete the course.
		The student will be expected to update parents regarding their progress.
		The student must complete all work by the due dates agreed upon in this contract, unless a revised schedule has been accepted and approved by the Office of Alternative Education Services & Assessment.
		The student may appeal Credit Flexibility course approval decisions to the Office of Alternative Education which will then be referred to the District Credit Flex Appeals Committee. The appeal must include a letter outlining the reason for the review as well as a copy of the original application.
		The Student understands if this is an elective unit and is to be counted towards graduation requirements, it must be aligned to any combination of foreign language, fine arts, business, career-technical, family and consumer sciences, technology, agricultural education or English language arts, mathematics, science or social studies courses not otherwise required. (Excludes Health and PE.)

Explain why you are choosing this alternative path for learning.

## CREDIT FLEXIBILITY INFORMATION

Credit Flexibility applies to any alternative coursework, assessment and/or performance. If a student is using Credit Flexibility to receive equivalent graduation credit, he/she must apply for and receive approval from the school district in advance. Approved credit awarded through this policy will be posted on the student’s transcript and count toward a student’s grade point average (GPA), class rank, and as graduation credit in the related subject areas or as an elective. The school district will include details of the Credit Flexibility Policy on the district website and in the High School Course Description Guide.

### Considerations:

- Academic content areas taught in Westerville are aligned to the district and state curricula and support students’ performance on the Ohio Graduation Test. Credit Flexibility proposals for courses that are currently offered at Westerville City Schools should support these same provisions to receive credit.
- Students may use Credit Flexibility to propose a course not offered by Westerville City Schools. Students must include a specific scope and sequence (Section II, III, IV, & V) as part of the Student Action Plan/Contract to be considered for this option.
- Some courses may require performance components in addition to the assessment in order to earn the credit.
- Credit Flexibility may impact a student’s athletic eligibility just as any course taken under the traditional model.
- Currently the National Collegiate Athletic Association (NCAA) will not accept course credit earned through the test-out option of Credit Flexibility (Division I only).
- If taking an Apex on-line course with Westerville City Schools, student MUST print, save, and give ALL written work and tests to Teacher of Record to archive.
- **All costs involved with Credit Flex, including transportation, are at the parent/guardian’s expense.**

Application:

- Any student may apply for credit to be awarded through Credit Flexibility by submitting the Credit Flexibility Application Form. All required information must be provided. The student may be required to provide supporting documentation as determined by the Office of Alternative Education.
- All student applications should be sent to: The Academic Enrichment Center, Attn: Dr. Scott T. Ebbrecht, 336 South Otterbein Avenue, Westerville, OH 43081**

Applications will be returned electronically within 10 school days of receipt. If an application is denied, the student has the opportunity to resubmit their proposal with amendments within 10 school days. If the application is conditionally approved, the student has the opportunity to resubmit with those conditions added within 10 school days. If the application with conditions is not resubmitted, it will be void.

Review of Application:

Applications will be reviewed at the Academic Enrichment Center to determine pre-approval. If the course is not pre-approved, the appropriate team will review the application and the team leader will notify the Office of Alternative Education as to the status of the application. The student and team will be advised electronically of the status. Upon approval of a completed application, the student may then proceed with the learning activity and credit will be awarded when all requirements are completed and the teacher of record deems the work is proficient.

Awarding Credit:

A student will be eligible to receive credit upon satisfactory completion of the coursework outlined in the approved proposal. The following standards and guidelines apply to awarding credit:

- There is no limit to the total number of credits that may be awarded.
- The successful completion of a pre-approved course will result in credit being designated as fulfilling either required or elective credit toward graduation requirements and sent to the appropriate counselor and registrar.
- If a student transfers to the Westerville City School District and the student has not completed course requirements to receive credit as approved by the previous district, the principal/designee may consider this an ongoing Credit Flexibility Plan. This plan may require adjustments to meet Westerville credit requirements.
- Should a Westerville student transfer to another school district, upon request of the student or parent, the district will forward a copy of the approved application to the new district for consideration. Acceptance of this plan is at the new district's discretion.
- Westerville City Schools will accept all credit for completed Credit Flex Courses from other districts.
- Students who plan on participating in athletics at the Division I College Level should be aware that the credit flexibility test-out option will not be included as part of the NCAA Initial Eligibility Center's qualifying core classes required for eligibility. Student athletes should consult the NCAA if they have any questions.**

I understand that any grade earned as part of the Credit Flexibility option will be treated as a permanent grade on my transcript. The assessment may only be taken one time. If a student wishes to replace the grade on the assessment, they must participate in the full-length course in a classroom if it is offered.
