

Dear Westerville City School District Families:

District leaders have been working all weekend on details regarding several important topics, including access to buildings to pick up medications and personal belongings, food services, the continuity of instruction, and a communication chain of command to support students and families during these challenging times.

This is a reminder that Monday, March 16, has been designated as a calamity day and school is canceled. Please DO NOT go to any of our schools or facilities tomorrow for any reason. We will be sending out a detailed communication to families tomorrow with important information, so please keep a watchful eye on your email, the district website, and other official information sources.

Thank you for your continued patience and understanding as we all work together to navigate these unprecedented circumstances.

Sincerely,  
Dr. John R. Kellogg  
Superintendent
